Introduction

The HSCP Clinical and Care Governance Group works in accordance with the National Framework for Clinical and Care Governance, with its remit being to provide direction, monitoring and scrutiny for integrated services in relation to:

- *Quality Assessment*
- *Risk Management*
- *Service User Feedback*
- *Continuous Improvement*
- *Staff Governance*

Staff Governance is a system of corporate responsibility for the HSCP, the HSCP understands accountability for the fair and effective management of all staff.

Running parallel to this commitment is the HSCP Strategic Plan which supports the commitment to develop a joint strategy and support plan for the HSCP workforce.

Priorities for Our Workforce

Our Key priorities for the workforce are addressed through the HSCP Workforce & Organisational Development Strategy, building on joint workforce planning across the HSCP, together with the commitment of the principles of staff governance.

That staff should be well informed; appropriately trained; involved in decisions which affect them; treated fairly and consistently; and provided with an improved and safe working environment.

We aspire to have a capable sustainable workforce that works in an integrated way through effective leadership and management.
