Actions

Policy has a negative impact on an equality group, but is still to be implemented, please provide justification for this.

N/A

Will the impact of the policy be monitored and reported on an ongoing basis?

Contract monitoring - monthly then quarterly. Reporting to Scot Gov as required

Q7 What is your recommendation for this policy?

Introduce

Please provide a meaningful summary of how you have reached the recommendation

The service is extending to include younger children in the referral criteria. This allows a focus on transitions and early interventions, through the Planet Youth model - that focuses on health, wellbeing and relationships for children and young people. There is no change, other than the additional funding and contract to include a service for younger children.
